

CHILL

Not your average band, CHiLL mixes lush harmonies and solid musicianship to create a unique sound and an entertaining show.

CHiLL has an impressive foundation in the live music scene, formed from some of Melbourne's best-known cover bands including Stealers, 21-20, Hype, Circus, What You Need (The Australian INXS Show), Mr Grumpy, Viagra & Hardcopy. The members of CHiLL have also frequently graced the stages of many other bands as guest performers.

Constantly scouring the charts and radio playlists for new popular releases, CHiLL maintains a sound that is always fresh and which appeals to a wide audience. In addition to such an extensive and constantly updating repertoire well grounded in the music of today, CHiLL has the ability to delve into a range of styles, from electric sounds through to acoustic classics, from dance hits through to alternative and rock favourites.

Spearheaded by two lead vocalists in their own right, and complemented by a multi-instrumentalist and a solid rhythm section, CHiLL's flexibility allows them to adapt according to venue requirements from one end of the musical spectrum to the other, with plenty of scope in between and even beyond!
